

Timeliner XE comes with more than 400 activity files. This matrix aligns the following three activity types to your learning objectives: Challenge, Research, and Finish Me Activities. New activity files will be added online periodically and they will appear in the program if you are connected to the Internet. For the latest version of this Activities Matrix or for a list of the additional *ready-made* timeline files that come with the program, go to [www.timelinerxe.com](http://www.timelinerxe.com).
